

SUNDAY SERVICE 1-29-23

Sermon Review:

We will have afflictions and suffer in this life for believing and serving Jesus. But Colossians 1:27 says that Christ is in us and He's our hope of glory. He empowers us as we serve others and share the Gospel.

Discussion Questions:

1. How does Jesus comfort you when you have struggles and times of discouragement in this life?
2. There are many hurting people in this world and the best way for Christians to make a difference is to minister to others when they need encouragement. How can you serve others who do not know Jesus? Is there a specific person you can think of who needs you to reach out to them?
3. As a family, what could you do together to help someone or another family who is in need?
