

## SUNDAY SERVICE 10-9-22

**Sermon Recap:** God desired for fathers and mothers to disciple their children to grow up to love and follow Jesus. Kids are to obey and respect their parents. This pleases Jesus.

1. Ephesians 6:4 says fathers aren't to provoke their kids to anger but to teach them about the Lord. What are some practical things you can do as parents to teach your kids to follow Jesus?
2. Do you have struggles in your family which need to be addressed? Maybe it's time to have a "family table" and honestly and openly talk about the issue(s) to see a resolution. Ask Jesus to help you work through these tensions.
3. Question for the kids: Ephesians 6:1 says you are to "obey your parents". What are some examples of not obeying your parents? How can you better obey your parents in these things the next time you are tempted to disobey?
