

SUNDAY SERVICE 11-13-22

RESCUE RECAP:

1. Diagnosis: We need rescue.
2. Justification: We are declared righteous.
3. Sanctification: We are set apart to holiness as saints.
4. Sanctification: We grow spiritually.
5. Glorification: We will be given life forever in heaven.

DISCUSSION QUESTIONS:

1. Knowing we will be in heaven forever should richly encourage us in this life even when it's very difficult. How does the thought of eternal life and reward encourage you when you face difficulties?
2. Thanksgiving is vital in this life because it causes us to "set our minds on heaven and God" instead of ourselves. What are you thankful for?
3. If you are dealing with pain, discouragement, heartache, grief, anger, frustration, or anxiety think about what heaven will be like. These emotions will be gone. What emotions will you experience when you see Jesus "face to face" one day. (Remember, as a believer, our best days lie ahead!)

CHALLENGE:

*The fact that we have been rescued from our sin and given salvation should cause us to remember and celebrate what Jesus has done for us. If at all possible, make the Communion service a priority next Sunday, November 20.
