

## SUNDAY SERVICE 2-5-23

While Paul is writing to the Colossians to confront false teachings in their church, he has a greater purpose of discipleship.

1. What is the difference between encouraging someone and teaching someone?
2. Encouragement is so important. Discuss how you can encourage someone as a point of discipling in the week ahead.
3. The process by which we bring people into worship of God is discipleship. Who are you intentionally discipling at this time?
4. Discuss the aspects of discipleship that cause the greatest concern for you.
5. What would it take to bring about a greater level of discipleship in your family?
