

SUNDAY SERVICE 4-10-22

REFLECTION QUESTIONS

If you are doing Forged & Refined, make sure to discuss at least one or two of these questions during your accountability time.

This week we looked at the second building block of the gospel - Mankind's problem. That problem is sin. We generally like to consider ourselves as good people. God's view and that of his word tells us otherwise.

1. Read Jeremiah 17:9 and Matthew 15:19 and discuss where sin begins.
2. Psalm 51 is King David's song of repentance for his sin with Bathsheba and his murder of Uriah. It was written a year after his sin. Read Psalm 51:1-12 and discuss the impact of sin upon David. What do you see with respect to David and his relationship with God?
3. Sin is missing God's intended mark/target or standard for our lives. His law provides protection and prosperity. Why is it that we want to form our own target or standard of righteousness?
4. Read Romans 3:23 and 6:23. From these two verses determine the impact and result of our sin, as well as the solution to our sin.
5. Discuss why Jesus is the perfect balance of grace/mercy and justice in his work on the cross.
